

CREST
HOSPITALITY

TO OUR CREST HOSPITALITY GUESTS:

Crest Hospitality will always make our guests, employees and customers a priority. To that point we will continue to monitor the coronavirus (COVID-19) and follow the guidance of our national, state, and local authorities.

Our guests should be assured that we have reviewed our cleanliness protocols and have added additional deep cleaning and disinfecting throughout the shifts and overnight. We have hand sanitizer stations placed throughout the restaurant and all of our buildings.

For our spa and hotel room guests, please note that we clean with a full line of commercial disinfecting cleaning supplies. In addition, our staff is taking extra precautions to thoroughly sanitize items including: door knobs, TV remotes, salon chairs and switches.

Please note the risk of contracting coronavirus remains low in Suffolk County, however, we are taking every step we can in an abundance of caution to ensure you feel comfortable in patronizing our establishments.

Thank you for being our guest, we appreciate you and look forward to welcoming you soon.
